Peab builds office building in Karlshamn

Peab has been commissioned to build an office building on Östra Piren in Karlshamn. The customer is Karlshamnsfastigheter AB and the contract is worth SEK 239 million.

The office building will contain offices, a restaurant with a commercial kitchen, a cinema and a small concert hall. The total surface will be about 10,000 m² on six floors.

“We’re proud to have been entrusted with this project. The new building with offices, a restaurant and a concert hall will be an important contribution to Karlshamn’s development,” says Olle Olsson, Region Manager Peab.

“We at Karlshamnsfastigheter look forward to finishing this complex project together with Peab. Karlshamnsfastigheter is a small company with just a few employees and being able to work in strategic partnering with Peab and take advantage of their broad expertise and experience is really positive for the project and its implementation,” says Magnus Persson, MD Karlshamnsfastigheter.

The project is a turnkey contract in strategic partnering. Construction has begun and occupation is planned for December 2023.

The project will be order registered in the third quarter 2022.
