Strong finish for the year

Peab Year-end report January – December 2024

“The last quarter of the year was strong and illustrated that we are once again growing. We present better profits, a strong cash flow and a higher level of orders received for both the last quarter of the year and the full year 2024. Operations in civil engineering and paving have developed particularly well during the year and on the whole Peab yet again proves how well our four business areas complement each other”, says Jesper Göransson, President and CEO of Peab.
